

STAINLESS STEEL PLEATED FILTER ELEMENTS

- Pleated Stainless Steel
- Durable And Cleanable
- Welded No Adhesives
- Exceptional Chemical Resistance
- Built In Support Core

Our pleated stainless steel elements are designed to fit our Onstream single element housings. Pleated stainless steel elements provide excellent strength, and are ideal for a variety of demanding applications where disposable elements have limited specifications.

Designed to fit our Onstream liquid housings and other proprietary brands.

PLEATED STAINLESS STEEL ELEMENT APPLICATIONS:	
High Temperature	Viscous Fluids
High Differential	Recovery Of Precious Particulate
Corrosive Liquids And Gases	Hydraulic Oil
Cryogenics	Clean In Place (C.I.P.)
